OUR SPIRIT OF INNOVATION

IS WELL KNOWN!

The SmartLounge EFFECT

Each of the two bench seats can quickly be transformed into comfortable seats for road travel (Isofix*).

*The Isofix system makes it easier to install the car seat and adds a third anchor point to keep your children safe.

NEW

A made-to-measure WARDROBE

The **Smart Dressing Room** system lets you raise or lower the wardrobe to adjust the size of the garage hold area according to your needs. In the lowered position, your wardrobe becomes a whole other room.

THE SOLUTION for more room

The EasyBed system lets you raise or lower the bed to adjust the size of the garage hold area according to your needs.

Available on models with an island bed.

The SMART STORAGE system

This ultra-smart concept proves that storage is no problem, even in a compact motorhome:

- on the outside, you can easily adjust the garage height for storing a scooter or bikes,
 - inside, there are many easy-to-reach storage spaces.
- Featured in the low profile 720.
