## Combining the best of a van and a motorhome

The Xs are neither vans nor motorhomes... Chausson has invented a new generation of vehicles that combine the agility of a van with the comfort of a low profile. Compact on the outside, spacious on the inside...

Cassis - France

Available in

**2** formats

**X550**  
5,99m

The first in the family and a veritable revolution on the market.

Pages 4-5

2,75 m

2,10 m

NEW

**X650**  
6,36m

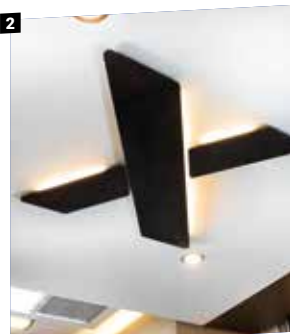

This is the big brother, featuring a garage hold and wardrobe. The front is identical to the X550 but the rear features an outstanding modular concept.

Pages 6-7

Electric fold-down bed, for use in the lowered or intermediate position (with ladder).

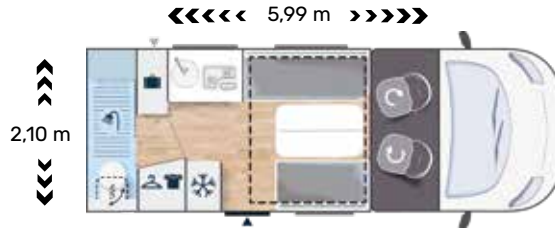

**1** Jupiter upholstery.

**2** LED lamp with exclusive design.

**3** Slate/cork configuration.

# X550

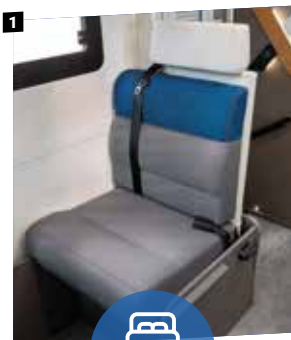

**new**

New side window for more natural light.

An outstanding living space and a lounge that can accommodate up to 5 people, all in less than 6 m!

- 1 SMARTLOUNGE:** the lounge bench seats can easily be transformed into comfortable seats for road travel (ISOFIX-certified).
- 2** Table and chairs compartment accessible from both the inside and the outside.
- 3** A lovely kitchen area with a saucepan compartment, sideboard, LED lighting and cement-effect countertop.

advantages 

550

Adjustable sink to access the toilet and a large shower with storage units.

advantages 

- Maxi bathroom
- Large wardrobe with clothes rail

X550

New

# X 650

6,36 m

**1** Bathroom with swivel partition

**2** The kitchen area is complemented with a large 150-litre refrigerator.

advantages

New

650

In the raised position, the garage hold can accommodate 2 bikes.

In the lowered position, your wardrobe becomes a whole other room.

The SDR (Smart Dressing Room) system lets you raise or lower the wardrobe to adjust the size of the garage hold area according to your needs.

advantages

- Flexible wardrobe
- Garage hold for 2 bikes

X 650

A FULLY EQUIPPED SERIES

EXCLUSIVE *Line*

# Range

# X

- 16" alloy wheels
- Speed limiter/cruise control
- Traction +
- Fog lamps
- Skyview
- Panoramic skylight
- Flyscreen door
- Backlit entrance step

\* Kerb weightthe kerb weight includes the driver's weight (75 kg), 20 litre of clean water, 90% fuel and 100% gas. The empty weights ready for use on the list take into account only standard equipment upon shipment from the factory. A difference of +/- 5% in the mas in running order is accepted by EU regulations. The manufacturer reserves the right to change the mass.

\* You may be able to find certain heavy accessories such as large blinds or generators in the marketplace. The weight of these accessories should be deducted from the payload and could possibly lead to a reduction in the actual passenger numbers. It is therefore important not to exceed the maximum loads on axes and the technically acceptable loaded weight when the vehicle is fully loaded.

\* The clean water tank capacity approved for road use is 20 L and must comply with the regulations governing the technically acceptable loaded weight. It is up to the user to adapt the loads and the number of passengers to the vehicle's loaded weight. To do this, the clean water reservoir capacity can be adjusted by the user to avoid reducing the number of passengers.

\* Some models photographed in this catalogue may be shown with equipment supplied as an option. The characteristics of photographed models may vary from one country to the next. Despite the care taken in producing this catalogue, this cannot be viewed as a contractual document. Chausson reserves the right to modify its models without prior notice. Chausson cannot be held liable for any modifications made by its suppliers nor for typographical errors when printing these documents. It is forbidden to reproduce any text or documents, even in part. Do not litter the public highway.

\* Your dealer is at your disposal to advise you and provide you with any additional information. The vehicles have been received in accordance with directive 2007/46 and conform to the regulations in force in Europe.

\* Where there are multilingual versions, the French text is the binding version.

\* All technical specifications (texts and photos) valid at the time of printing (August 2023) are provided by Chausson for general guidance.
